### GRIMSBY KIDS GET TOGETHER IN THE CAMPS OF BRITAIN

"Tote" Fair, Flaxen Haired Pride Of Grimsby Beach, Is Regular Newsboy Handing The Independent Around — Girls There too.

#### LITTLE JOE HAND

Pressure Is Being Put On To Get Boys To Volunteer As "Occupational Troops" For Burma — Is Going To Vote.

Last week The Independent had another welcome letter from flaxen-haired "Tote" Fair. No use of us enlarging on it, we will let you read the whole works:

Somewhere in England, Wednesday, May 16, 1945.

Hello Bones:

Well young fellow, how are you doing these days, fine I hope. I am coming along very well. At the time this letter is written I am at a convalescent depot. I have been here almost a month now, and about all I have been doing is small route marches and of course some B.T. But I guess that won't hurt anybody. I still have to go back to the hospital and have my first operation on my face since I landed in England. It is pretty certain (Continued on page 13)

### Gray Coach Will Operate Again

Beginning with Tuesday, June 5th, Gray Coach Line buses will again operate through Grimsby on the Toronto-Grimsby-Buffalo line.

Shut down four years ago by war restrictions the popular Toronto line has been badly missed by the travelling public, but beginning with Tuesday the public will again be able to use this method of transportation.

Millyard's Drug Store will again be the local waiting room and ticket office for the Gray Coaches and any information regarding time tables, fares, etc. can be secured by calling No. 1 on the telephone. Further information will be published next week.

### Last Blood Clinic A Big Success

128 Donations Of Plasma Received — Next Clinic In September — Chairman Hewson Expresses Thanks.

Last Grimsby Blood Clinic for the Spring season was held at Trinity hall on Wednesday afternoon. District responded nobly to the call and 128 donations of plasma were received. All local doctors, local nurses and all other ladies who have been assisting in the work were on hand as usual and were highly pleased with the response of the citizens for his last clinic.

The next clinic, so far as is known now, will be held in September.

Chairman Wm. Hewson of the Blood Clinic committee wishes The Independent to express his most sincere thanks to the doctors, nurses, ladies who have assisted in every way at the clinics, to Jarvis Bakery for their donations of fresh (Continued on page 13)

### Made Inspector Of C.I.D. Division

Corporal Charles W. Wood Receives Well Earned Promotion On Provincial Police — Has Been In District 17 Years.

Corporal Charles W. Wood, senior officer of the St. Catharines detachment of the Ontario Provincial Police, and acting high constable of Lincoln County has been promoted to the rank of acting inspector of the Criminal Investigation Bureau of the Provincial Police and will have headquarters at Queen's Park, Toronto. ## WHERE YOU VOTE

Next Monday, June 4th, the people of Ontario go forth to cast their ballots. Upon their decision rests the future government of Ontario. Think well before you go to the polls. No matter who you vote for, VOTE.

Polls will be open from eight o'clock in the morning until seven o'clock in the evening. If you do not go and use your franchise, then you have no right in the five years to come, to raise your voice against whatever government is elected. We print herewith full information as regards polling places. Check and find out where you vote and then go and VOTE.

### Traffic Bylaw Being Held Up

Will Not Go Into Effect Tomorrow As Sign People Are Unable To Make Delivery Of Signs.

Despite the fact that the most authentic weekly newspaper editorial columns in Ontario, "Facts and Fancies" tells you this week that Grimsby's new parking bylaw will come into effect tomorrow, June 1st, such is not going to be the case.

Councillor Cecil M. Bonham, Chairman of the Police Committee, on Wednesday morning notified The Independent that it would be an impossibility for the bylaw to be put into effect, owing to the (Continued on page 13)

### Peach Production

ANN ARBOR, Mich. — Michigan ranked third in the nation in the production of peaches in 1944 with 2,600,000 bushels, a War Food Administration survey showed. California was first with 32,919,000 bushels and Georgia was second with 4,500,000 bushels.

### Four Nominated

Four candidates were nominated at noon Monday at the official nomination meeting for the provincial election campaign, June 4. Returning Officer A. C. Wootton accepted nomination papers on behalf of: J. Verne Buchanan, Liberal; Hon. Charles Daley, Progressive Conservative; Dr. C. Peter MacLean, C.C.F.; and Paul Siren, Labor.

### Tag Day Saturday

On Saturday of this week local officials of the Navy League will conduct the annual tag day for funds for the league.

Despite the fact that hostilities have ceased in Europe our soldiers and airmen, our English cousins and millions of refugees still have to be fed and clothed and it is the Merchant Marine that has to do the job.

Citizens are asked to contribute generously to this worthy cause. Volunteer taggers, children from 12 years of age up are asked for. They will please report at the Navy League rooms in The Independent building at 9.30 on Saturday morning.

### New Business Firm In Town

Alfred LePage Takes William Stuart Into Partnership In Garage Business.

A new business firm comes into existence tomorrow, June 1st. An old business with a new name.

LePage's Garage and Service Station conducted for several years by Alfred LePage, will in the future be operated by LePage and Stuart, under that firm name, Mr. LePage having taken into partnership William Stuart for many years an employee of Mr. LePage.

Alfred LePage needs no introduction to the people of Grimsby and district as he has been a resident of this town since coming here with his parents and brothers as a (Continued on page 13)

Lieut. "Hank" Loud Convalescing in Hospital in England — Wounded Second Time By Shrapnel In Right Hand.

### THRICE DECORATED

Drove German Patrols Back With Intensive Artillery Fire—Shell Burst Within 30 Yards Of Him — Mother Here.

The following despatch was received by The Independent last week from "Headquarters Communications Zone, European Theatre of Operations, United States Army". While it is self-explanatory, it only goes to prove that

Grimsby boys make their mark in this war, no matter what army they are in: Here's the despatch:

The 230th Station Hospital, England — Wounded for the second time, this time in the right hand by shrapnel during a German attack in Harpell, Germany, Second Lieutenant Henry C. Loud, 26, of Grimsby, Ontario, Canada, is recovering at this United States Army Station Hospital in England. He has been awarded the Oak Leaf Cluster to his Purple Heart.

Lt. Loud, holder of the Bronze Star for heroic achievements in action against the enemy near Walledorf, Germany, where he received his first wounds, in the legs and left arm, stated that the Ger-

## FACTS & FANCIES

Frank Fairborn, Jr.

### YOUR CO-OPERATION ASKED

At midnight tonight Grimsby's new Parking Bylaw goes into effect. . . . .

The co-operation of all motorists, bicyclists and the general public is asked by Chief of Police W. W. Turner and the officials of the Town.

This bylaw was not passed by Town council as a restrictive measure, but as a safety measure. Safety for our own people and for the general travelling public that use No. 8 Highway, of which Main street is a most integral link. Always has been and always will be, despite the fabulous construction of the Queen Elizabeth Highway.

The war in Europe is over and traffic is bound to get heavier as restrictions on gasoline and rubber are taken off. American tourist travel will be getting heavier and we must take care of it. We want American dollars, —let us keep our Main street in such condition that it is possible for us to get some of those American dollars.

Traffic conditions on Main street the past five years have been intolerable. From now on they are going to be different, but Town officials do not want to be too tough, they ask that the public co-operate in this move and thus save trouble for everybody.

An American visitor to Grimsby last week, and he knows this town fairly well, remarked to me "how do you keep the morgue from being full of corpses, the way people drive, the way they park and the way kids ride bicycles. I have never seen anything like it and I have been all over the world. I am surprised that you have not a casualty every day."

That gentleman was correct. It has been a surprising thing. There has never been but one death through a traffic accident on Main street and never a severe injury. Don't let us ride our luck too long. Let us all co-operate in this new parking bylaw for the benefit of ourselves and traffic in general.

Grimsby is not an infant. We are a BIG Town. We are out of swaddling clothes and if we are going to continue to grow and prosper, which we are, then we must take on the duties and the regulations of that larger town.

Starting tomorrow morning let us all co-operate with the police and the town officials in the proper establishment of this parking bylaw. Motorists will find that Chief Turner and his men are fair. They will find that the Town officials are fair, so let us be fair with them.

### CANADIANS ALL!

National Unity, that much abused phrase, and used for years past as a seductive password to attain power, is handled in the program of John Bracken in the only way such an issue should ever have been handled. It is straight from the shoulder, in every word. Mr. Bracken said in his keynote speech:

Let us face the issue. Canada as a nation has been sacrificed on the altar of partisan politics.

We offer a new and very straight-forward solution. Subject to recognized rights of minorities, sectionalism must come to an end.

Every one, regardless of racial origin must be regarded as a Canadian sharing equally the rights and obligations of Canadian citizenship. The Progressive Conservative party makes no appeals of a sectional character, either geographically or by race, religion or occupation, but appeals for support to all loyal Canadians as Canadians interested in the building of this nation on a sound foundation.

This party stands for equality of rights, obligations and sacrifice, both in war and in peace.

The foregoing is the policy of tolerance and understanding, a policy to which every loyal Canadian can subscribe. And judged by his record of fair play to all during his long tenure of government of Manitoba, there is far more hope of the fulfilment of that policy under Mr. Bracken than under any

Canadian political leader who has appealed to this country since the days of Macdonald and Laurier. And there never has been a time when Canada had the disunity as to be noted in this day. The evidence of that is in the multiplicity of parties, all going in different directions and aiming at different objectives.

This Dominion grievously needs to get back to first principles and lasting values. The country can only do it under John Bracken and his all-Canadian policy.

### EMPIRE DAY

This editorial I plagiarized from The St. Catharines Standard, but it is so good and so to the point that I just could not help it. I hope that every Ontarian and every Youngster, will read, sit down and do a little thinking:

May 23 is Empire Day. Thank goodness no cranks have come forth yet to change the name to Commonwealth Day. Tomorrow is Victoria Day, the old 24th, as so many oldsters hold it in revered memory because of the days of their youth, when it made an annual period mark, the first swim, taking winter's heavy stuff off and outdoor sport in full swing. Weather today is not a good portent for tomorrow, but there have been as many glorious 24th's of May as there have been glorious 12th's of July, as regards weather.

School children today are being taught the significance of the British Empire and Empire is the correct descriptive, because it embraces free nations, colonies, mandates and mild, but just, supervisory governments over native populations, who are glad to have the protection of the Union Jack. Premier Drew has very well said, in his pamphlet to the schools:

"To day the British Empire stands as a proud example, to the whole world, of the strength of free people who worked together with no other obligation than their faith in a common purpose. As we emerge from this war, saddened by our losses but strengthened in our determination, we have reason to look with confidence to the future in which the British Empire will play so great a part."

The British Empire has been a growth, a development. In empires of the past, there has been centralization, which means bleeding the weak and maintaining subjection. These empires, and the French may be the next on the list, have blown up. The British Empire, founded on justice and order, still remains strong.

And for the past five years Britain has had a Prime Minister who boldly told the world that he did not intend to be the King's First Minister and preside over the liquidation of the British Empire. It was the best hands-off warning ever delivered from Downing street.

Tomorrow, Victoria Day, the first swim may be postponed but the fish may be biting.

### YOU MUST VOTE

If there is danger of the election of a radical, revolutionary government, either at Toronto or in Dominion affairs, a government which will never suit the temper of the majority of Canadian people, then that danger is enhanced greatly by everyone who fails to vote on June 4 or June 11.

A radical revolutionary program in Ontario or Canada, can only come about by minority dictation or inflection. It is the non-voter, the indifferent citizen who will bring about a grave condition in the affairs of province or country.

The minority fascist party in Ontario is made up of enthusiasts, who border on a certain fanaticism in class hatred. It is a party strictly regimented from the top down. It may be taken for granted that every vote within this party that can be polled will be polled on either voting day.

The people who indifferently remain away from the polls and who are opposed to revolutionary change in the Canadian way of life will be aiding and abetting the very change they do not want to see. They will be putting a double value on every radical vote which is polled, a fictitious value. And they may live to regret failure to mark their ballots.

The two impending elections for province and Dominion respectively are as important as any elections held since Confederation. They will establish the foundation of all post-war rebuilding and planning. They will provide a mandate to new administrations.

Canada has not done so badly since emergence from the pioneer and log cabin days. This is no country where the grudges of feudalism in Europe have to be continued. We are about the freest nation in the world, one with the greatest of opportunities and there is a steady advance year by year.

Revolution would be retrogression in the common way of life, the aspirations of most people to build and prosper, to lay up a competence for themselves, to build and own their own homes and to educate their children, would be denied under a system where each and every citizen was pushed around, where big and little business could be taken over and put in the hands of bureaucratic theorists.

If you are against totalitarianism, no matter how innocently designed or sugar-coated, then record your vote on June 4 and

June 11. Let it not be said one month hence: never have so many been fooled by so few. And it well could be, if thoughtful citizens are slothful, cynical and neglectful on the two days of voting.

### GORDON CORRALES WOMEN'S VOTE

Women throughout the country will give a sigh of relief over the news from Ottawa that Mr. Donald Gordon has revoked the order of the Wartime Prices and Trade Board which curtailed the use of elastic in girdles and corsets, says the Globe and Mail. Front-page headlines proclaim that the two-way stretch is back in this latest peace swing.

For the benefit of mere males, it is necessary to explain (after making inquiry) that the girdle is a belt which fits about the waist. Modern young women with appropriate figures are said to favor it as a sort of hitching post for hose, provided they can get the hose.

To clarify the Ottawa despatch still further, it should be stated that a girdle with a two-way stretch is one that stretches both up and down and in and out. No longer will lady be cribbed, confined and confined as she has been since Pearl Harbor. Nor will the doctors be able to pursue their studies of the effects of girdle sensation, which is felt in the region of the spine, and is thought to be caused by a tightly drawn belt.

If Mr. Gordon has any notion of becoming Prime Minister he has made a great play for the women's vote. He kills two birds with one stone by getting the girdle vote and the corset vote with a single shot. Those who are too young to vote wear neither, so the canny Scot wastes no ammunition.

Consultation of the experts in the lingerie department reveals that the modern misses and the young brides favor the girdle. The more mature matrons depend upon the corset, which is said to be a close-fitting corset stiffened by strips of steel or whalebone, and is usually tightened by lacing. This garment or armor is not to be confused with the doublet of mail which was worn by cross-bowmen in the 15th century.

Donald Gordon has done some disagreeable things since he cut down on tea and coffee and rationed sugar, but it is certain that every lovely creature will remember him with gratitude as she girdeth on her harness with the two-way stretch. Every woman whose name is on the voters' list will be grateful for the mercies already vouchsafed, and will have a lively sense of future favours. Irksome features of the rationing of favorite foods and beverages will be forgotten as ladies from Halifax to Vancouver clamor for "Gordon for Prime Minister." What care emancipated women for Mr. King's baby bonuses or Mr. Coldwell's security from the cradle to the grave? If Donald Gordon will give them more stockings along with girdles and corsets his election is a foregone conclusion.

Some slanderer has said that the modern girl is Vogue outside and vague inside.

The more a man becomes interested in himself, the less other people are interested in him.

John Heider, The Village Banker, still looking for a place to live in.

Dominion Store looks brighter from a coat of paint inside and outside.

Need less rope for the Town Bell since Long Jack Smith is the bell ringer.

Wonder who that vivacious lady was that wandered into the C.C.F. Meeting thinking she was in the Liberal meeting in another hall?

Main Street is happy, so is Oliver Shaw. For the first time in his life he went fishing and actually caught some fish. With the assistance of John James Jeremiah James Dunham and Lawrence Hysert he managed to snare 18 very fine Pike out of the waters of the North country over the holiday. Not much use of this being written because he has told everybody about it, anyway.

### ORDERS TO COME?

W. L. Clark, in The Windsor Star, credits M. F. Hepburn with a good story, and it has a moral. It is good because it is timely as it comes in the midst of a lot of Socialistic cacophony, not much exaggerated from what is heard from the public rostrum right in this province today.

"When the day of freedom comes," said the speaker, "you will be riding in limousines, instead of the rich."

"When the day of freedom comes, you will be living in mansions, instead of the rich."

One sage Englishman had been listening and he broke in to say:

"But, I don't want to ride in a limousine. I want to get the exercise of walking; and I don't want to live in a mansion, I prefer my present home."

The Socialist speaker glared at the Englishman and pointing his finger, the Socialist cried: "Look here, my man, when the day of freedom comes, you will do just what you are told to do."

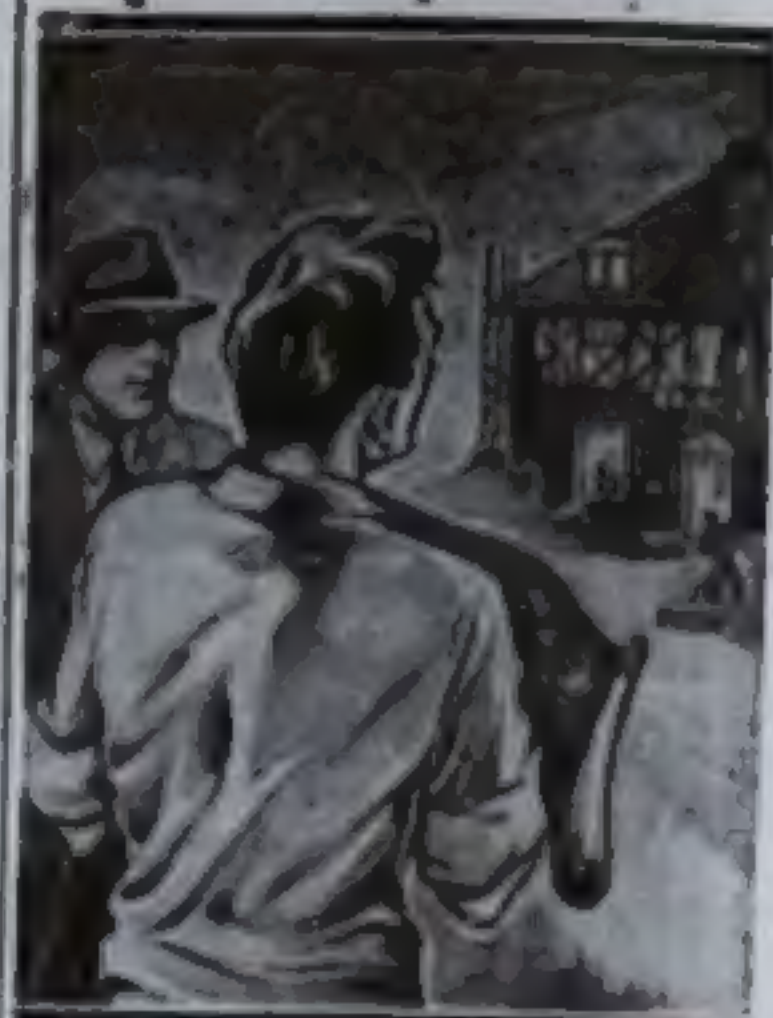

In other words, under socialism the substance is given away for the shadow, freedom is traded for regimentation.

## Rebuilt Babies

An advertisement states: "Babies' new, rebuilt, conversion, prams, \$16 up."

Imagine now built babies and prams marked down to the same price.

A new or rebuilt baby at \$16 must be quite a bargain considering that it entitles you to a monthly bonus for some 16 years.

"that's a fine home you're building!"

YES, I think I'm going to like it.

I wish I had a home of my own.

Well, why not?

My wife has the idea that it would be a great worry if anything happened to me.

Nothing to it, my boy. The arrangements I've made with the SUN LIFE OF CANADA will clear the mortgage in the event of my untimely death.

I never thought of that. What about the cost?

Insignificant! In fact, it adds very little to the carrying charge of the mortgage.

If you are a home-owner, make your investment safe for posterity. A SUN LIFE man will be glad to talk it over with you.

There is a movement on foot in Canada to have State Socialism. Do you realize what this means to every individual in Canada?

- Do you want your banks, your insurance companies, your stores, your industries, your farms or your homes under State control?
- Do you want to be told where you will have to work?
- Do you want your individual savings and your property confiscated?

This is how daily roll call was kept in a German prison camp. These Russians too ill to move themselves were carried out on their gunnery-sack

"mattresses", while the other lined up behind. If they were even 30 seconds late, the huge black dog of the Commandant was set upon them. These men were liberated by the First Canadian Army.

## MANY ACCIDENTS THAT ARE STRANGER THAN MERE FICTION

Records of accidents in the files of the National Safety Council reveal many cases in which Fate seems to have taken extraordinary pains to secure unique, or humorous, or horrible effects. Consider this unusual combination of circumstances: At Harrisburg, Penn., a spectator at a baseball game was poking in his ear with a wooden match when a fly ball came into that exact spot in the stands and struck his hand. The match was driven through his eardrum, and the mishap destroyed his hearing in that ear.

In an upstate New York hotel an employee stepped into an open elevator shaft, fell three stories, and was killed. No such accident had ever occurred before in all the years that building had been standing. A few minutes later another employee fell into the same shaft. But he landed on the still-warm body below and escaped serious injury.

Swerving to avoid another car on a bridge-over-railroad-tracks, a fast-moving automobile crashed through the guardrail. A passenger train was speeding under the

bridge and terrible death for both the driver and his fiancée beside him seemed inevitable. But the automobile made a perfect four-point landing on top of a passenger coach without blowing out any tire, and bounced, its own momentum reversed by that of the train, back onto the bridge. Nobody hurt.

You may be one of thousands of motorists who experience panic when a wasp flies into your car. But imagine such a double set of circumstances as that encountered by Frederick Maag, near Marion, Ohio, when a pheasant flew against his windshield and broke it. Maag was still thanking his stars that nothing worse had happened when a bee came through the opening and stung him. Small wonder he ran into the ditch and wrecked his car.

Near Moravia, N.Y., a rat jumped on the shoulder of a truckman driving a van. When he knocked it to the floor it ran up his pants leg. Trying frantically to get it out, he lost control of the truck and crashed into a building.

Startled by unexpected circumstances, men often do foolish things. A private was shaving with an old-style razor in the barracks at an Arizona flying field. It was a sizzling hot day, and he was naked. When a stinging fly lit on his rump he instinctively slashed at it with his razor—carving himself to the extent of four stitches. A soldier was digging a ditch at Camp Polk when a snake coiled around his ankle. He smashed at it with his trench shovel and broke his leg.

Hardly an accident, but a set of almost incredible circumstances is the story of the man in Vallejo, Calif., who bet that he could fill his mouth with gasoline and put a match into it without getting hurt. He nearly lost his life. At Bellevue Hospital, New York City, so many patients have been brought in to have billiard balls removed from their mouths (after betting they could get them in) that apparatus for removing them is kept always at hand. In one record week of these pool-ball gentry had to have their mouths de-balled.

A trick that Fate seems to delight in is putting accidents together. The family of Uriah Richards lived in the state of Washington—father, mother and six children. Mathematically, there is only about one chance in a million that any two of such a family would be killed in separate automobile accidents in any four-year period. But three children were killed in a grade-crossing accident near Orting. A year later Uriah himself was hit and killed by a passing car. And two years after that all four remaining members of the family were killed when their farm truck was struck by a train at a crossing near Puyallup.

Fate is capricious about falls—a category of accident in which more people were killed last year than in any other (over 26,000). In the case of a Pennsylvania man, 63 years old, killed in an 18-inch fall, the coroner reported: "He failed in his attempt to commit suicide, but died trying." Taking a coil of rope to the cellar, this man had stood on a box and tried to fasten a noose to a spike in a ceiling beam. Losing his balance, he split his skull on the cement floor.

The usual grade-crossing accident is that of an automobile being driven into the side of a moving train. But near Hibbing, Minn., a train was hit from both sides simultaneously. The train was undamaged, but all ten occupants of the two cars were injured.

An autoist let his auto warm up in a closed garage on a cold morning. Overcome by monoxide gas, he sagged forward against the steering wheel. In a few more moments he would have been dead. But his chest now was pressing against the horn button sounding a steady blah-b-b. His family heard it and came out just in time.

"A sense of danger," says the Safety Council people, "always make you more careful and keeps you from taking unnecessary chances. Even Commandos are trained to be careful and to avoid accidents. It makes them more efficient, and likely to live longer."

Certainly there is the possibility of accident wherever you are. Personally, I'm going to be much more careful on those cellar stairs.

The depression was that period when you didn't have any trouble finding meat at the butcher shop.

## PROVINCE OF ONTARIO GENERAL ELECTION, JUNE 4th, 1945

# NOTICE To Active Service Voters who are absent from their units

● The attention of members of the Navy, Army and Air Force and all other persons who qualify as Active Service Voters under the Ontario Active Service Voting Regulations, 1945, is directed to the following provisions.

### 1. Active Service Voters at their homes.

Active Service Voters who are in their place of ordinary residence on polling day may vote in the manner prescribed by the Election Act for civilian voters, whether or not their names are on the Voters' List, on taking a declaration (Form 8A) before the deputy returning officer.

Such voters may vote at the regular polling place for the voting sub-division in which they reside.

### 2. Active Service Voters on Leave or Furlough.

Active Service Voters who are absent from their units but not in their place of ordinary residence, on leave or furlough, including such voters on farm leave or industrial leave, may poll their votes with any commissioned officer appointed to take the votes of Active Service Voters, on producing to such commissioned officer documentary proof that they are on leave or furlough and provided that they have not already voted in the election.

Such voters should apply to the nearest Naval, Military or Air Force headquarters for information as to the location of the Commissioned Officer nearest to their present address.

### Postwar Fabrics Sure To Please

A homemaker's dream come true! No need to worry if Junior falls into the mud in his new play suit; no misgivings about the removal of the lipstick or fruit juice from the best linen; housewives with crispness that won't wash out; raincoats that keep you dry and that can be cleaned by washing—all these will be accomplished by new and durable water-repellent finishes that will be used on fabrics after the war.

The results of scientific research conducted in the Department of Clothing and Textiles at Kansas State College indicate that the homemaker will find the fabric that has been given a "durable" water-repellent finish is all that the manufacturer claims it to be.

Fabrics that prevent the passage of water are not new, but the older types had a surface coating that entirely changed the appearance of the cloth and closed the pores. Satisfactory water-repellent finished fabrics in limited numbers were available even before the needs of the armed forces speeded the development of many new and improved finishes.

The water-repellent finishes on the market today are of two types. The one known as a "durable" finish is not injured by laundering and will withstand a limited number of dry cleanings; the other must be replaced each time the fabric is cleaned. The wise buyer will look for "durable" on the label. Although this finish is guaranteed permanent to three dry cleanings, it will prove much more satisfactory if washed. Throw Junior's new play suit into the washing machine, or send it to the commercial laundry and do not worry about the results.

Although it has been promised that carpets will be given a durable finish that will protect them from ink stains, the tests at Kansas State College revealed no fabrics that entirely resisted staining with ink. This is one of the improvements we can expect in the future.

The development of these useful and durable materials with which consumers are due to get acquainted after the war, further emphasizes the importance of watching labels on garments to see just what is to be expected of them in the way of resistance to the wash-tub and the weather. — By Katharine Padlock Henn, The Christian

Hello, Homemakers: May is the month of spring rains, spring flowers and new spring hats. But it is also the month when many people are thumbing over seed packages. This year there is as great a need as in the past two years for more individual garden plots. Many of us in Ontario already have the Victory Garden habit; we like to see things growing and we like to grow our own. Hospitals are taking a tip from Victory Garden enthusiasts by using gardening as a healing means of rehabilitating disabled veterans.

#### CARROT RING

2 cups rice, cooked carrots, 3 eggs, well beaten, 3 tbsp. melted fat, 1 tsp. minced onion, 1 cup milk, 1 tsp. salt, pepper to taste.

Mix in the order given and pour into a well-greased ring mold. Set the mold in a shallow pan of hot water, an inch deep around the ring, and bake in an electric oven at 350 degrees for 45 mins. Remove from oven and let stand a few minutes; then loosen edges, invert a large hot plate over the mold and turn out carefully. If desired, melted cheese may be poured over the ring just before serving. Fill the centre with peas, beans, asparagus or creamed fish. Serves 6.

#### CORN TIMBALES

1 cup canned corn, 1 tsp. chopped parsley, 1/2 cup of milk, 1 tsp. chopped onion, 2 eggs, slightly beaten, salt and pepper to taste.

Mix the ingredients. Pour into four greased custard cups, set in shallow pan containing about half an inch of hot water, and bake in oven at 325 degrees for about 30 mins. or until a knife blade inserted comes out clean. To serve, loosen the edges and turn out. Serve with a vegetable plate dinner, including green beans, baked potatoes and broiled tomatoes on toast rounds.

#### CASSEROLE MEAT AND SPAGHETTI

1 onion, sliced, 1 lb. hamburger steak, 1 can tomato soup, 1/2 pkg. spaghetti, 1 cup boiling water, salt and pepper.

Cook the spaghetti until tender in boiling salted water, then drain and keep hot. Put a tablespoon of oil or dripping into a hot frying pan and saute the hamburger until brown, stirring occasionally. Brown onion in hot fat and stir occasionally until well-browned. Put in one cup of boiling water, cover and simmer 15 mins., then add the cooked spaghetti, the salt, pepper and tomato soup.

#### MACARONI AND CHEESE

1 1/2 cups macaroni (broken in 1 1/2 inch lengths), salt and pepper to taste, 1 tsp. dry mustard, 1 cup rich milk, 1 cup or more grated cheese.

Cook macaroni until barely tender in boiling salted water. Drain, add salt and pepper, and mustard dissolved in a little of the milk. Stir well, so that the seasonings will be well distributed throughout the macaroni, then add the milk and cheese, saving enough cheese to sprinkle generously over the top. Turn into a greased casserole, top with grated cheese and bake in an electric oven at 350 degrees until lightly browned.

#### TAKE A TIP

1. In choosing a new area for vegetables be sure to select an open space where the sun will pour in, and excess moisture will be drained away. Few vegetables flourish in soggy damp soil.

2. Ploughing or deep hand spading should be followed by breaking up the soil until it crumbles finely and until fertilizers are evenly mixed in. Vegetables require well fertilized land. Make the part of the bed which you are preparing for seeding down smooth, leaving the remainder in semi-rough state until seeding time. Some seeds being more tender than others will not be planted until later.

3. Varieties essential to health can be grown in very small space—for instance, carrots, lettuce, parsley, beans and the all-important tomato. Even a sunny window box can grow vitamins in the form of parsley or chives.

#### THE QUESTION BOX

Mrs. B. J. says: Tell me how you make crisp popovers stand up.

Answer: When you bake popovers, have the baking pans sizzling hot before you pour in the mixture. Grease them generously and heat in the oven until hot. (Electric oven should be preheated or top element turned off).

Our rule for crisp popovers is this: Sift together 1 cup flour and 1/2 tsp. salt. Beat 2 eggs. Add 1 cup milk and 2 tps. melted shortening. Add to the flour and beat several mins. Pour into heated cups and cook in electric oven at 450 degrees for 15 mins. Turn off the oven, open the door and leave in oven 5 or 6 mins. more or crisp.

### Delicious Chicken Puff

1 1/2 cups flour  
2 teaspoons baking powder  
1/2 teaspoon salt  
2 eggs  
1 cup milk  
1 cup chicken, cut fine  
2 teaspoons scraped onion  
1/2 cup grated raw carrot  
3 tablespoons melted butter or chicken fat  
1 1/2 cups chicken gravy

Sift together flour, baking powder and salt; add beaten egg yolks and milk. Add chicken, onion, grated carrot and melted fat and mix well. Fold in stiffly beaten egg whites. Bake in greased baking dish in hot oven at 425°F. for about 25 minutes. Serve with hot chicken gravy. 6 servings.

## SERVED LINCOLN AT WAR -- On June 11th Lincoln Will Elect McCORDICK TO OTTAWA.

Lt.-Col. Frank McCordick, E.D.

On May 19, 1945, Lincoln County welcomed home Lieutenant Colonel Frank McCordick, E.D., a gallant soldier. He came home to Lincoln County where the name McCordick has been identified with public service and service to King and Country for more than a century. He came to accept new responsibilities after serving with the Canadian Army in Britain, Sicily, Italy, and north-western Europe. Colonel Frank McCordick came home so that on June 11 the citizens of Lincoln County could elect as their representative in the Liberal Government at Ottawa, a man qualified by training and experience.

The great Dominion of Canada won its place among nations on world battle fields and on the home front in the past five years. Gallant sons of Canada, men like Colonel Frank McCordick, held Canada's name high. In the years ahead when the peace must be won, when our sons and daughters must be re-established in civilian life, Lincoln should be represented at Ottawa by a soldier who gave leadership in war.

Colonel Frank McCordick is 41-years-of-age. He was born in St. Catharines and is a graduate of the Royal Military College. He commanded the 10th St. Catharines Battery, R.C.A., since 1936, and led the Battery overseas in 1939. In July, 1944, he was promoted to the rank of lieutenant colonel and commanded the only Canadian permanent Force Artillery Regiment. Prior to the war Colonel McCordick was a prominent St. Catharines businessman.

HE IS A NATIVE SON OF WHOM LINCOLN MAY CERTAINLY BE PROUD.

## 'WAY BACK WHEN

Frank Fairborn, Jr.

IN THESE DAYS OF SPEED we often complain about the length of time that our courts consume on the trying of cases and the rendering of decisions. But it ever was thus. Away back in November 1894, the same thing was happening. I quote the following from *The Independent* of Nov. 23, that year: "This morning His Honor Judge Senkler gave judgment in the case of Smith vs. Lawrence, which was tried about four years ago. Some time before the action was tried a Mr. Smith of North Grimsby, had his goods seized for non-performance of Statute Labor on the Queenston-Grimsby stone road (now No. 8 Highway). He brought action against Tax Collector Lawrence, father of Mrs. A. F. Hawke) for alleged distress and the case was tried. This morning Judge Senkler gave judgment for the defendant on technical grounds for the non-serving of some papers in the case, and also because he was a public officer and protected by law. At the same time His Honor ruled that no one could be forced to perform Statute Labor on the Queenston-Grimsby road."

Hamilton's biggest department store in those days was the Stanley Mills and Co. and in a full length two column adv. they advertise everything from a lady's bustle to a set of harness. I. R. Marshall of Kansas City, Mo. and Wm. C. Cornwell of Niagara Falls, N.Y. wrote to the editor and renewed their subscription. George W. Meyer and George F. Bell were the local legal lights, they were brothers-in-law. E. A. Lancaster also came from St. Catharines once a week to dispense legal advice. McKay Bros. of Hamilton were featuring Brussels carpets at amazingly low prices. At Smith's Clothing Store in Hamilton you could buy a high grade overcoat for \$4.95, that other stores were asking \$9 and \$10 for. High grade shingles could be purchased at \$1.00 to \$1.75 a square. Patent medicine advertising was heavy. There were cure-alls for everything from ingrown hairs to tuberculosis.

R. J. Hewat was the local manager of the Bank of Hamilton. Three well known stores in Hamilton still in business were heavy advertisers, Oak Hall, Thos. C. Watkins "The Right House" and Finch Bros. In those days Grimsby had four eastbound and four westbound trains a day. Archie Burland had a carload of flour for sale at \$1.25 a 100 lbs. he also was in the market to purchase Timothy and Clover seed. Hugh B. McLean was a local blacksmith and he advertised that it was time to do fall clipping of horses, \$2 being the rate for a single horse. W. H. Sparling would make you a new suit of clothes and "guarantee you city quality in fit and price." Phipps Bros. and (W. W.) Kidd were also in the tailoring business and would take stove wood in exchange for clothing. They were offering "Overcoats \$12 up; Suits \$13 up; Trousers \$3.25 up."

On November 23rd and 24th a grand production of the nautical comic opera "Billie Taylor" was to be presented by amateurs in the Grand Opera House, Hamilton. There was a chorus of 50 voices and an orchestra of 25 pieces. Tickets could be secured at

E. J. Palmer's store and at the local Post Office. Two of the leading singing roles were taken by Grimsby people, Wilfred Lucas, who later became a star of the American concert stage and played roles in Hollywood and Miss Maude Hare (Mrs. Dr. Donald Clarke). It was announced that Grimsby High School pupils would stage a grand Christmas entertainment and that the High School Trustees were going to present diplomas to all pupils who successfully passed their exams. A. F. Hawke was advertising a remnant sale. Wm. Mitchell offered new wall papers at from five cents a roll upwards and sold extra value tea at 25 cents a pound. J. W. Kenzie was operating a restaurant at the bridge. Samuel Whittaker had a new stock of boots and shoes for fall opening, men's long boots at \$1.75 to \$3.75; ladies' rubbers 20 cents a pair, men's 60 cents; school boots for children 75 cents a pair, up.

Wm. "Squire" Forbes advertised "Force Rules The World, has ruled it, will rule it. But no force is required to bring the people to the store of Wm. Forbes, Grimsby. The "Squire" sold everything under the sun and also loaned money, was Magistrate and di. conveyancing. Jan. S. Randall (father of Miss Edna Randall) called his store the "Gem Grocery" and was featuring oyster. E. J. Palmer, (grandfather of Mrs. Camilla L. Eggar), was holding a Grand Clearance Sale of all ladies', misses', children's mantles and cloaks. Thanksgiving Day came on November 23rd and the H. G. & B. Railway was advertising single first-class fare between all points on the line. At that time the railroad only came as far as the top of Palmer hill. It went through to Beamsville in 1895. A. J. Neill was the manager of the road.

### GRANDPA'S DENTURES

Oh, I remember clearly,  
In my memories of yore,  
Those funny-looking sets of teeth  
My Grandpaw seldom wore . . .  
Those awful-looking dentures that  
Were in a bureau drawer.

Three sets, I think, my Grandpaw had—  
They may have numbered four;  
If he had lived a few more years  
There would have been some more  
All grinning out at those who looked  
Inside that bureau drawer.

Well meaning, Grandpaw bought each set  
Complete, both upper, lower;  
A week or two he'd try them out  
Then with a muffled roar  
He'd make a beeline through the house  
Right to the bureau drawer.

Sometimes when company came to call  
My Grandpaw softly swore,  
And gnashed a set of those store teeth—  
A martyr to the core . . .  
The moment they were gone he'd rush  
Straight for that bureau drawer.

Now some folks put their teeth to work  
At night, behind a door,  
And some, more brave, wear them to bed  
To rattle when they snore;  
But not my Grandpaw, he kept his  
In that old bureau drawer.

## 'CAMMYS' MAIL BAG

April 21st, 1945.  
May 6th, 1945.  
Received 300 B.C. smokes last week. They were mailed on Mar. 16th and so they were just a little over a month on this trip over here.  
Thanks Cam! And thanks to the rest of the members of the Chamber of Commerce. That type of gift is worth its weight in gold, for smokes are frequently hard to procure.  
The month of May is rolling along and soon will be the day we all are waiting for. Probably before you receive this note all hostilities will have ceased in the European theatre.  
I haven't met any more fellows from town. I have found out that Sgt. Mary Bishop is stationed only

a mile from our camp and at the first opportunity I am going to say hello.  
We have just gone through a spell of April showers and now it looks as though we are about to get our first warm summer weather.  
And so Cam and all those who help to make these gifts possible, to you all, the best of luck in the future and may we all be home soon.  
So long.  
Sincerely,  
Harvey Hanson.

Thanks a million for the 300 cigarettes. Hope to see you soon.  
As ever,  
Doug. Boyd.

May 9th, 1945.  
Thanks for the smokes received yesterday. For some unknown reason they were travelling around the country since some time in March. They sure came in handy. Thanks again.  
C. R. Fisher.

May 6th, 1945.  
Once again received your fags. Your committee has certainly been keeping them coming and it now looks as if your well done job is nearing an end. I only wish we all could express our thanks to each one who has at any time contributed to the fund.  
Sincerely,  
Bill Metcalfe.

April 30th, 1945.  
Thank you very much for the carton of cigarettes which I received this morning.  
Please convey my sincerest thanks to all those who make these more than welcome gifts possible. I assure you they are greatly appreciated.  
J. C. Farrell.

April 27th, 1945.  
Thanks for the parcel of cigarettes which arrived the other day. They were very much appreciated as I was out, and I still don't like the English brands. Saw Doug. Farrell the other day, he is fine and working hard. Regards to Grimsby.  
E. H. Bull.

March 27th, 1945.  
Just a few lines, in thanks for your 300 cigarettes received on March 15th, 1945. Just now I am recuperating from wounds that I have received in action. The parcel sure came in handy time again. I wish to give you my sincere thanks and regards.  
With sincere wishes.  
Fte. C. L. Wilson.

April 7th, 1945.  
Again I have the pleasure of writing to you in receiving two cartons of cigarettes from your fund. The citizens of Grimsby have certainly got behind this fund and we over here appreciate it very much. Things are going fast these days, keeping us all busy. The weather is fine, thus everything is with us to complete the job. Thanking you again for the "smokes".  
Sincerely,  
Glen Pettit.

April 23rd, 1945.  
Thanks again for another carton of cigarettes mailed 16th March. Your committee is certainly staying with the job but surely they can look forward to a rest before too many months now.

After a marvelous week of warm sunshine we're having it a bit cooler this week. Hope the slight frost last night didn't do any harm.  
All the news from across the channel is very good and we have a lot of the boys coming back here who have some great tales to tell of their months spent over there.  
Nothing new or exciting is happening in this little district so, again, thanks for your continued good wishes.  
Sincerely,  
P. E. Fairbank.

April 29th, 1945.  
Thanks very much for sending me cigarettes. I appreciate them a lot.  
Sincerely,  
Cpl. R. Clemens.

April 14th, 1945.  
Received 300 B.C. to-day. Many thanks.  
Ralph Bowditch.

About ten days ago I received a carton of cigarettes from your swell organization and yesterday I was pleased to get a second. Many thanks to all concerned. I suppose it will be blossom time by the time this reaches you and you'll be looking forward to summer again. It would be great to be back in a land of seasons again, for the endless hot months become very monotonous. I had a few months in India which was a nice change but am back in Ceylon once again. Time to sign off so best wishes to all.  
Sincerely,  
Bill Wheeler.

April 12th, 1945.  
300 cigarettes arrived today sent by the Grimsby Chamber of Commerce.  
Thank you very much for the cigarettes and will you please thank the other members for the cigarettes.  
At long last it looks like we will

all be home for Christmas. We will come back to Coffee and toasted cheese sandwiches, milk-shakes and colts, dances with the farmettes at the High School, (one wartime innovation that must be maintained), to model A Ford's, and comic strips, and matches we can scratch on the seat of our pants.  
We have seen a lot of the world—parts that tourists used to see—some things the tourists did not see—but a dim memory of them is all I want.  
The quarters here are good, the food better than the usual—clean houses, green fields, violets along the road side—rhododendrons (or something like that) along the lanes—but the beer I grieve to say is poor.  
With many thanks for your kind remembrances of,  
Gordon Ramsay.

April 30th, 1945.  
Just a few lines tonight to thank you sincerely for the 300 cigarettes received today. They are appreciated greatly.  
Every good wish to you all.  
Gerry Kelson.

April 25th, 1945.  
Here goes for a few lines to let you know that I received your cigarettes O.K. and was sure glad to get them for they sure come in mighty handy to a man over here. And it is good to know that the people back home are thinking of the boys over here who are fighting so hard and doing a good job. I thank you over so much for the cigarettes.  
J. H. Farrell.

April 22nd, 1945.  
Just a few lines to let you know I received the 300 cigarettes you sent me, and they sure are a treat over here.

We are having some wonderful spring weather over here, and it has been good weather for about two months now. But I'll bet we make up for it in a short time with a few weeks of rain.

I suppose the old town is about the same, and I'll bet blossom week will be coming along shortly, and I sure would like to be able to see Grimsby district in blossom again.

Well I guess I had better close now, and I'll say again, thanks a million for the cigarettes.  
Yours sincerely,  
Roy Bowman.

THE CANADIAN WAY OF LIFE...

## Down to Earth...

**G**ARDENING for the fun of it—week-end trips in the old family jalopy—lazy days fishing by the river—these things will stand for a pleasant way of life—a way of life our men overseas have been fighting for! They won't be able to come back to these simple things, unless we get "down to earth" in our thinking, and make sure when they do come back, their dollar will be worth a dollar!

To protect that dollar, we must realize now, the dangers of careless, unnecessary buying! We must buy only what we need—never buy two where one will do! We must not evade rationing or price control, or deal in black markets. If we break these rules, our country—the country our soldiers fought for—will start on that spiral of prices known as inflation.

And inflation affects everyone!

wage-earner, pensioner, small-business owner, returned soldier! That's why it's important to take a stand against it now. If inflation starts in this country, this is what will happen. Prices will rise. Wages will try to follow along—and will never quite catch up! Soon your dollar—your soldier's dollar—may buy only 25% of the things it used to! That is what has happened in many of the countries of the world today, and that is why normal living for anyone is impossible in those countries!

So let's make sure our soldier's dollar, when he gets back, will be worth a full dollar. We cannot give back to him his lost years or lost youth. But if we keep up the fight against inflation, the man who is overseas can look forward to pleasant, satisfying living... to the Canadian way of life!

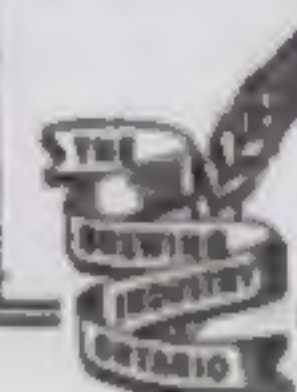

### Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds and War Savings Stamps, supporting taxation, and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

Scottish Bride Arrives

(By Nellie)

Mrs. Vera Lucy, 19 Ontario

Street, with four sons overseas, had the great satisfaction of welcoming home on Tuesday morning the Scottish bride of one of them, Arthur, who is with the army in Germany. Mrs. Arthur Lucy, who was formerly Jennie Ure, is from

Arthur Lucy and his charming Scottish Bride.

the little town of Crossgates, near Dunfermline, in Fifeshire. Across the Firth, a matter of only a few miles distant is Edinburgh itself. Before the war Dunfermline was noted for the manufacture of table linen.

Previous to her marriage young Mrs. Lucy was employed in making munitions, having completed an engineering course to perfect her in her duties. After working for some time in her home town she, with other Scottish girls, was transferred to Coventry (after the blitz which wrought such great destruction on the city).

On the boat with Mrs. Lucy were 500 brides, of whom it was estimated 100 were Scottish. They found the voyage on the whole enjoyable with fine weather prevailing. Entertainment and concerts got up by the passengers helped to pass the time pleasantly.

After her husband's return Mrs. Lucy expects they will make their home here. Being used to life in a small town she sees no reason why they should not be able to settle down quite comfortably in Grimsby.

Leslie and Lyle, twin sons of Mrs. Lucy, senior, are now in Scotland. She looks for their homecoming in the near future. The two have not been separated since their enlistment, except at the time of the Dieppe raid. Following that engagement their amusements and satisfaction was great when shortly afterwards they found themselves in the same prison camp, once more together even though under duress.

27,266 Canadians Married Overseas

Cupid's combat report on Canadians in the European war theatre now records 27,266 service marriages since 1940, with an estimated 12,000 children born.

However, for the benefit of Canadian girls who are wondering what the English and French girls have that they haven't these figures show for the first time that not all these marriages involve "foreign" girls. A number of the wives are Canadian service-women and some of Canadian girls not in the service. Their number—estimated at 1,100—is a high percentage of the Canadian girls in Britain.

New marriages are at present taking place at the rate of 650 a month and birth rate 350 a month. Latest figures for service marriages overseas to other than Canadian girls are: Navy, 536; army, 21,375; R.C.A.F., 4,344; firefighters, 20, total, 26,205.

With the help of the defence department, operating through the Canadian wives' bureau in London, 6,592 Canadian servicemen's wives and 3,826 of their children already have been brought to Canada, while an additional 3,000 wives and 1,876 children are awaiting transportation.

A total of 20, 673 wives and 9,174 children still are in their homes in Britain and in other parts of the world. Most are anxious to join their husbands in their new homeland.

I.O.D.E.

Lincoln Loyalist Chapter I.O.D.E. held their regular monthly meeting on Monday, May 28th, in the chapter room. Mrs. E. A. Buckenham, regent, presided.

Mrs. Stevenson, convener of the Educational Committee reported that she had communicated to the teachers and principals of the different schools that the prizes for Bible memory work will again be given by the Lincoln Loyalist Chapter I.O.D.E. The High School pupils have already competed for these in the different grades. As the High School year has been subject to many interruptions already, we were loathe to take up a whole afternoon to celebrate Empire Day, and as the Chapter desired that Empire Day be drawn to the attention of the pupils, consent was obtained from Mr. Smith to have the Rev. Francis McAvoy give a ten minute talk on the Empire at the morning assembly on May 23.

This program was carried out. The Educational committee was represented by Mrs. Buckenham, Regent, Mrs. F. Jewson and Mrs. E. Phelps. At the conclusion of High School ceremonies, the ladies accompanied Rev. Mr. McAvoy to the Public Schools, where programs similar to the above were carried out in the Junior and Senior Schools.

QUESTIONNAIRE

The Imperial Order Daughters of the Empire, as an organization, is non-political.

1. Should you, as a Daughter of the Empire, be concerned with politics as distinguished from party politics?

Yes—because "Politics," according to the dictionary, is the "science and art of government."

2. Have you the necessary qualifications to vote in a Federal election?

Briefly, in a Federal election you can vote if you are a British subject 21 years of age, resident in Canada at least one year, and in the electoral district for at least three months. For further information consult your local newspaper or your federal member.

3. Is your name on the voters' list? If not, what action should you take?

Answer—Consult your town or township Clerk for information.

4. Are you informed as to the policies of the various parties? At present there are five National parties—Liberal, Progressive-Conservative, Co-operative Commonwealth Federation, Social Credit, Labor-Progressive.

5. Are you aware of your personal responsibility, as a citizen of Canada, to exercise your franchise? . . . VOTE.

The name of Mrs. E. A. Buckenham, Regent of I.O.D.E. Chapter, should have been included in the list of those present at the saluting base at the March past of the Rally on May 18th.

On Sunday, May 27th, the Brownies of the 25th I.O.D.E. Unit and the Girl Guides of the 56th and 57th I.O.D.E. Companies paraded from High school to Trinity United Church where they attended the morning services. The minister, Rev. W. J. Watt, gave the address based on the hymn "I would be true" which was especially suitable and helpful. The colours were in charge of Gloria Jarvis, Marjorie Haworth, Joyce Thomas, Catherine Morrison, Barbara Bromley, Hazel Twocock, Evelyn Griffith and Joyce Byford. Members of the Lincoln Loyalist Chapter I.O.D.E. also attended the service.

The groomsmen were Mr. Stanley Black, Grimsby, Mr. Cecil Miller, Smithville, and Mr. Frederick Duck of Grimsby, were ushers. During the signing of the register, Mrs. M. Wise sang "O Promise Me".

A reception was held for seven relatives at the home of the bride's parents. Mrs. Robertson was dressed in blue with a corsage bouquet of Red Carnations. Mrs. Walker wore a black suit with a corsage of mauve Sweet Peas and Lily-of-the-valley.

The couple left for a wedding trip to points North, the bride travelling in a brown dress with lime green accessories.

Mr. and Mrs. Walker will reside at Grimsby.

LABA—MAZUR

St. Mary's Catholic Church Grimsby, was the scene of a beautiful wedding on Saturday morning, May 26th, when Tillie, daughter of Mr. and Mrs. Alec Mazur, became the bride of Nick Laba, son of Mr. and Mrs. John Laba, Grimsby. Rev. Father Kohut officiated.

The bride, given away by her father, wore a long gown of heavy white satin with a fingertip length veil, and carried a bouquet of white roses.

The bridesmaids, were Misses Sonja Mazur, Jane Laba, Elizabeth Laba and Helen Wisniewski. The former two were gowned in pink and the latter two in blue, and all carried bouquets of sweet peas and lily-of-the-valley.

The flower girls, Misses Helen Laba and Nadia Mazur wore dainty frocks of pink taffeta, and carried nosegays of sweet peas and lily-of-the-valley.

The best men were Tony Yakuchuk, Walter Mazur, George Sarnauk, and William Wisniewski.

Mr. Tom Wisniewski and Sam Yakuchuk were ushers.

A reception was held at the home of the groom's parents, where a dinner was served for 150 guests. The bride's mother wore a black suit with white accessories, the groom's mother, blue crepe with black accessories, and both wore a corsage of red roses.

For their honeymoon trip to Muskoka the bride wore a lime green suit with brown accessories. They will reside in Grimsby. The bride's car was decorated with pink and white roses, with a background of spruce.

WALKER—ROBERTSON

The wedding was solemnized at 2 o'clock on Saturday afternoon, May 26th in Trinity United Church, Grimsby, when Bernice McArn, only daughter of Mr. and Mrs. Peter Robertson of Grimsby, became the bride of Mr. Clifford W. Walker, only son of Mr. Walker and the late Mr. Frederick M. Walker, Grimsby. Rev. W. J. Watt conducted the ceremony. The church was decorated with Red Tulips and Peonies.

Given away by her father, the bride wore a gown of white chiffon with a fingertip veil, caught in a sweetheart headpiece. She wore silver earrings and locket, and carried a cascade bouquet of Red Roses, White Carnations and Maidenhair Fern.

Miss Jean Duck, Grimsby, maid of honour, and Miss Frances Duck, bridesmaid, wore matching dresses of white printed organdie. Miss Jean Duck wore Lime Green shoulder length veil, gloves and ribbon accessories. Miss Frances Duck was similarly attired in Orchid. Miss Glenda Moore Grimsby, flower girl, also wore white organdie, with a bandeau headpiece of white flowers. The bride's three attendants each carried nosegay bouquets of White Carnations, Lily-of-the-valley, pink and mauve Sweet Peas, pink roses and Baby's Breath.

The groomsmen were Mr. Stanley Black, Grimsby, Mr. Cecil Miller, Smithville, and Mr. Frederick Duck of Grimsby, were ushers. During the signing of the register, Mrs. M. Wise sang "O Promise Me".

A reception was held for seven relatives at the home of the bride's parents. Mrs. Robertson was dressed in blue with a corsage bouquet of Red Carnations. Mrs. Walker wore a black suit with a corsage of mauve Sweet Peas and Lily-of-the-valley.

The couple left for a wedding trip to points North, the bride travelling in a brown dress with lime green accessories.

Mr. and Mrs. Walker will reside at Grimsby.

In Memoriam

LUNT—In loving memory of Grace Lunt, who passed away on June 3rd, 1944.

She's the loved one we are missing From the fireside and the feast Now, her kind face is vanished Now, her gentle voice is hushed But, we know, she's free from pain And we thank Thee, oh our Father For the precious memories that remain.

—Ever remembered by Father, Mother and only sister, Mabel Lane.

COATE—In loving memory of my dear father and mother, Mr. and Mrs. George Coate, who went home. Dad May 31st, 1944, and Mother, Oct. 1929, at Hanth, England.

When Jesus came, He found them ready For that home beyond the skies, By His side, they are sweetly resting Waiting till we meet them there.

Beyond the sunset, oh glad reunion

With our dear loved ones who've gone before; In that fair homeland, we'll know no parting Beyond the sunset forever more. —Ever remembered by their son, Harry, and Grandchildren in Canada.

SCOTT—In loving memory of our dear father and husband, John Scott, who passed away May 31, 1937.

Beautiful memories are all we have left, Of one we loved dearly and shall never forget.

His loving smile and happy face, A broken link we can never replace.

Had was the parting, no one can tell, So sudden on earth the sorrow fell.

Memories are treasures no one can steal, Death leaves a heartache no one can heal.

—Not one moment forgotten by wife and family.

The old days were when you could attract the attention of a clerk by flashing a big roll of bills.

## Cubbing

Eagerly awaited promotions to fill the vacancies caused when a number of cubs went up to the Scouts in the Spring, were announced when the pack gathered around the totem pole on Friday evening, May 25. Dean Wilson became the 1st. Sixer and is now the proud possessor of three stripes. David York, Peter Bromley and Pat Ryan received their first stripe and are now "seconds".

After the presentation, the new 1st. Sixer and the Seconds were given the grand howl by the rest of the pack—the cub way of saying congratulations and good hunting.

John Brooks and John Lyne were invested by Akela and are now tender paws ready to work on their first star. John Pydyk was welcomed as a new cub.

Dorothy Cole and Vance Tume, the new Cub Pack leaders from Winona, together with Keith Hunter, Cameron Cox, Benny Allen and John Lintak, the boys they are training, were welcome visitors and joined in all the games. John Gil-

leppie, a Sixer of the 94th Toronto pack was also a guest.

While the dues were being received, Akela instructed the group on the various pack formations and signals.

The pack then took to the high school campus where "fox and hounds" and message relays filled the remainder of the hour after which the pack gathered about Akela for the mouse call and prayers.

## Obituary

### ADAM A. NUNNEMAKER

Adam A. Nunnemaker, resident of Grimsby for the last ten years, passed away at the home of his daughter, Mrs. Walter B. Allen, at St. Catharines, on Saturday, in his 88th year.

Born in Wainfleet on February 15, 1857, he was a son of the late Abraham and Sally Nunnemaker. As a farmer and carpenter, he had spent most of his life in the Windsor district, coming to Grimsby to reside when he retired. His wife, the former Lydia Milner, predeceased him.

He was a member of Bethel Evangelical Church, Wainfleet. The funeral was held from the Merritt funeral home, Smithville, to Bethel Evangelical Church Tuesday afternoon. Interment being made in the adjoining cemetery.

Surviving, besides his daughter, is a sister, Mrs. Susan Meyer, of Toronto; also three grandchildren and two great-grandchildren.

### JAMES A. ROSS

One of Niagara peninsula's best known business men, James Alway Ross, ex-M.P.P., of Wellandport, passed away on Tuesday evening, May 22nd, at the St. Catharines General Hospital, following an illness of three months' duration.

The late Mr. Ross was born at St. Ann's on Jan. 12th, 1869, son of the late William Nelson and Lydia Tufford Ross, and spent his early years there. Upon completing his education as a teacher, he taught in the Model School at Welland, later at Wellandport, and resigned as principal of Scott St. School, St. Thomas, in 1894, to enter the commercial field.

Since that time he has resided in Wellandport, where he became a widely known and highly respected citizen through his prominence in business and political circles, and until February last was actively engaged in his real estate, insurance and conveyancing business.

In 1906 he was elected member of the provincial parliament for the riding of Monck, being the first Conservative member ever elected for the riding which had been held by the late Hon. Richard Harcourt for 30 years.

By his kind, cheerful and encouraging disposition, he won for himself the title of "good neighbor and good citizen," always taking a keen and leading interest in all the progressive activities of the community.

He was especially gifted as an orator and poet, being a member of the Canadian Writers' Association, and the author of a volume of poems, "Canada First," "Dominion Day," and many other poems published in the magazines and the press from time to time. He was a member and past master of Dufferin Lodge No. 328, A.F. & A.M., of Wellandport, and in religion, an Anglican.

Besides his sorrowing widow, Agnes Kay Ross, with whom he celebrated his golden wedding anniversary two years ago, he is survived by four children, James Leighton Ross of Hamilton, Miss Eula I. Ross and Rosaline Kay Ross, L.L.M., of St. Catharines, and Mrs. Michael Solyk (Rosa Kay) of Merritt, also five grandchildren.

## Card of Thanks

Cpl. Boyd Gerow would like to thank Mr. Millyard, the I.O.D.E., the Red Cross and many others for their kindness sending cigarettes and parcels he received while overseas, every parcel meant as much to us boys.

Mrs. Emma Mason and family wish to take this means of expressing their sincere thanks, to their neighbours, friends and all others who were so kind and helpful during the illness of the late Charles Mason. To the Canadian Legion and all others at the time of his demise.

An eye-witness on the stand is someone who saw only one side of the accident.

The man who is full of energy can rid himself of some of it by trying to keep up with a six-year-old.

## Voting At All Times Of Year

Polling in Federal Elections Has Been Held In Every Month But Two, April And May.

From the time of Confederation to the present day there have been 19 federal general elections, and they have been held in every month of the year except April and May. It was one time a tacit assumption, if not a declared policy, that the day fixed should interfere as little as possible with the work of sowing or harvesting. Such a motive seems to have inspired the administration of Sir Wilfred Laurier, when four appeals to the country were on November 7th, 1900; November 2nd, 1904; October 20th, 1908; and September 21st, 1911.

The last one followed a snap dissolution of the House on the question of Reciprocity with the U.S. in natural products, and resulted in the decisive defeat of Sir Wilfred's government.

The first three elections were held under the old system of open voting, the electors—there were not so many of them, for there was a very restricted franchise until 1867—came before the deputy returning officer and told him for which candidate he desired to vote, and his vote was duly recorded. Furthermore in the first two elections the piling extended over not one day but many. In 1867 voting was in progress from Aug. 7 until Sept. 20, and in 1873 it took from July 20th to October 12th, to record all votes. In 1874, after Sir John A. Macdonald's administration had been overthrown by a vote in the House over the "Pacific Scandal" the election was held on one day, January 22. The latter custom has been followed ever since.

In the first parliament there were 101 conservatives and 80 Liberals, a total of 181. In the second the totals were 106 and 97, for the contest of 1871 had resulted in Ontario giving six seats, Nova Scotia three and New Brunswick one, and the admission of British Columbia and Manitoba to the Confederation had added 10 more. By 1874 P. E. Island had been added, with six seats, making a House of Commons membership of 206, of which Alexander Mackenzie's Liberal administration secured 123 and the Conservative opposition only 73.

The preponderance was reversed in 1878, when Sir John Macdonald with his National Policy of protection—which some of Mackenzie's Ontario supporters had vainly urged him to adopt, swept every province except New Brunswick. The stakes were Conservatives 127, Liberals 69.

That election was held in September, in 1882, 1887 and 1891, under Conservative rule the dates were respectively June 20th, Feb. 22nd and March 8th, and the government was led by Sir Charles Tupper, who had been called home from London to save the party, met its fate June 23rd, 1894, going into opposition for 15 years. As stated before, the Laurier government came autumn dates, but in the last two elections there has been no uniformity. In 1917 (Union Government) polling was on Dec. 17, 19—when Mr. Mackenzie took over—December 6th, in 1925, October 29; in 1926, September 14; in 1930, July 23; in 1935, October 14, and in 1940, March 20th.

In seven elections only Conservatives and Liberals were chosen, but in 1894 the break came and five independents were returned from Ontario, one from Manitoba, and one from the North West Territories. There was but slow increase among the Mavericks, indeed, in 1904, none were returned, and in 1908 only appeared in 1921, one of them from Manitoba, and two from Alberta.

The third party factor became formidable in 1925 when 24 Progressives, all but two of them from the Prairies and two Labor members made their appearance on Parliament Hill. This number was slightly reduced in succeeding elections but in 1936 the total number of Independents climbed to 35, and in 1940 28 were returned, on both

**TENDERS FOR COAL AND COKE**  
Federal Buildings—Province of Ontario

SEALED Tenders addressed to the undersigned, and endorsed "Tender for Coal," will be received until 3 p.m. (E.D.S.T.), Wednesday, June 27, 1945, for the supply of coal and coke for the Dominion Buildings throughout the Province of Ontario.

Forms of tender with specifications and conditions attached can be obtained from the Purchasing Agent, Department of Public Works, Ottawa, and the Supervising Architect, 36 Adelaide St. East, Toronto, Ont.

Tenders should be made on the forms supplied by the Department and in accordance with departmental specifications and conditions attached thereto. Coal dealers' license numbers must be given when tendering.

The Department reserves the right to demand from any successful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Honourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies unconditionally guaranteed as to principal and interest by the Dominion of Canada, or the aforementioned bonds and a certified cheque, if required to make up an odd amount.

Such security will serve as a guarantee for the proper fulfillment of the contract.

By order,  
J. M. SOMERVILLE,  
Secretary,  
Department of Public Works,  
Ottawa, May 26, 1945.

Safety Community

Safety Education in schools is sometimes defined as that type of Education which prepares young people to survive in a civilization characterized by hazards to life and limb. This is an extravagant statement, but even the most cautious of us must agree that truth lies in it.

If modern education is to meet the needs of boys and girls, Rural as well as urban, we must somehow give them enough special instruction in safety to meet the hazards of modern civilization with intelligence. Most thoughtful teachers will agree that public education has a real responsibility for the teaching of safety in schools. Moreover, in those schools which have experimented with instruction in safety, the results in decreased accidents have been more than gratifying.

The points of difference upon which teachers frequently divide are involved in the questions of what is to be taught in safety education, and how the material, once agreed upon can be best presented.

Our schools here in Grimsby cannot financially afford special teachers of safety education similar to large schools, but the principals can appoint a number of boys and girls with White Bands on their arms to direct the boys and girls away from school and be placed at the danger points and crossings, and see that they travel along single file. Accidents are more numerous on the Rural Roads than the busy travelled highways.

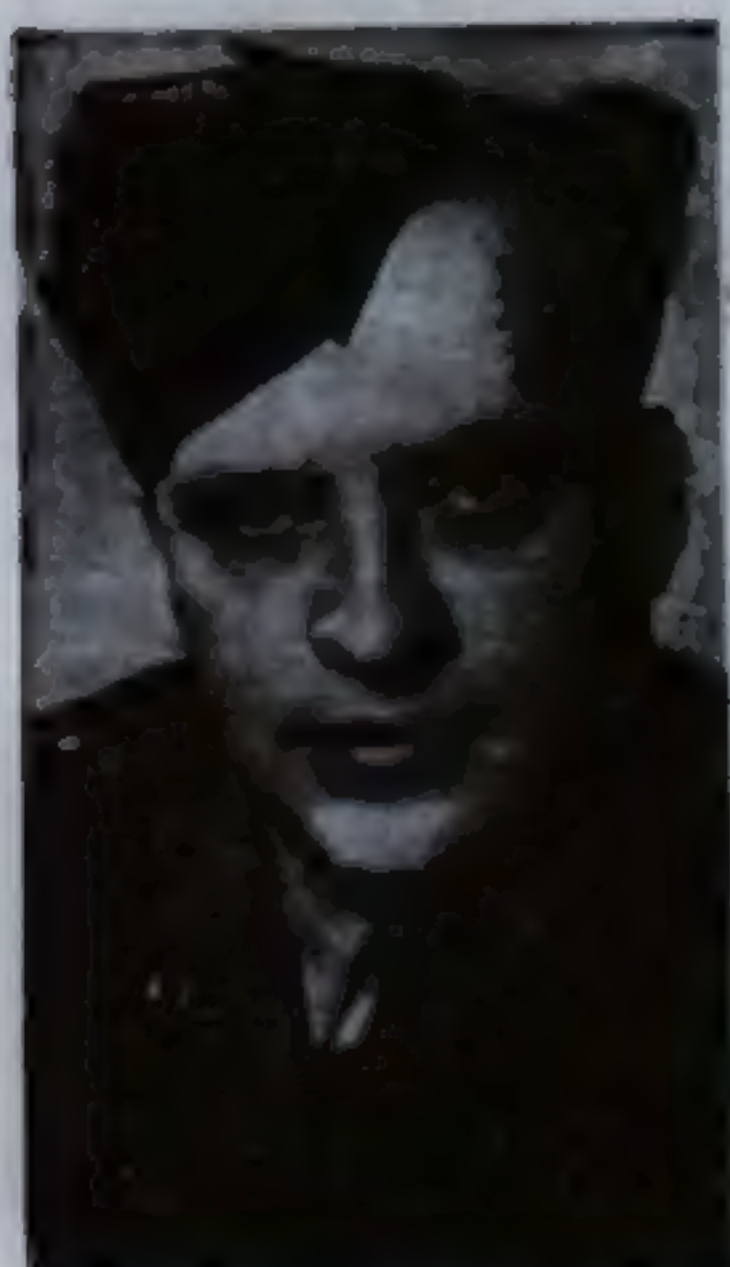

We have tried in a small way to put the best effort with the time we have at our disposal to educate the boys and girls during the past year, and we will be glad to give our help to the incoming Safety Committee for 1945-46. Good programs and talks certainly are a great benefit to spread the need of a safety education, the cost of renting those Talks are nil, if it is the means of cutting down accidents and saving the life of the future generation of Canada.

# SIREN'S FARM POLICY

**CPL. PAUL SIREN**  
Labour Candidate in Lincoln riding.

Cpl. Siren grew up on a farm—not a fancy mechanized, big business farm—but a farm which he helped clear of its original growth of timber. Cpl. Siren learned by first-hand experience the problems of the farmers.

When the depression forced him to leave school and later to leave the farm, in order not to further burden the family income, he got a real understanding of the insecurity and uncertainty of the farmer's life.

Since then periodic visits to the family farm, still worked by his parents, have kept him close to rural life, its needs and problems.

Naturally Cpl. Siren, the labour candidate for Lincoln, is vitally concerned with farm welfare and farm security.

## SIREN SAYS

INSTITUTE A SYSTEM OF CONTRIBUTORY CROP INSURANCE with the government providing half the cost, to compensate for heavy crop losses.

## SIREN SAYS

Co-operate with Federal Government to put a floor under farm prices to ensure a steady adequate income for the farmers. Take vigorous steps to stop the trend toward tenant farming.

## SIREN SAYS

Re-organize all marketing boards on a democratic basis, controlled by the farmers themselves. Review all grading systems and establish them on a more scientific basis under strict Government control.

## SIREN SAYS

Undertake vigorous program of road building in the Province. Establish technical and farm machine repair depots to assist in maintaining farm efficiency.

## SIREN SAYS

Set up a Department of Co-operatives in the Ontario Department of Agriculture to assist in the establishment of marketing and buying co-operatives for the farmers.

## SIREN SAYS

Cpl. Siren has the best, most down-to-earth farm policy of any candidates.

Siren knows that city prosperity depends on farm prosperity.

Siren believes that farm prosperity is possible if the Ontario Government will help the farmer find markets and legislate to keep farm prices at an adequate level.

## Paging Rushton

It is reported that baseball bats made of magnesium are in use in some places, and Washington State College is taking the lead in the production of these new bats, while at the same time it is experimenting with magnesium fruit ladders for the use of fruit pickers. The idea seems to be a good one. A strong ladder might be made from magnesium which would be astonishingly light and durable. It seems probable, however, that baseball men will still cling to heavier bats.

# SPORT- OLOGY

**THOSE FEMALES**—Last Wednesday night, Red Head MacBride and her Vedette team took the St. John team two games to nothing. Let's look at the scores: Joey Shelton came out of the moth balls and rolled a 160-241. Then along came Ella Fair, the Queen of the Mountain Top, and rolled a 248-178, and to top it off the Red Head rolled 197-221. On the other hand that little Mackie girl did her darndest with 235-135 to pull the Saints into place, but to no avail. My dear old friend Ines Cloughley, a veteran of many a bowling war and her Veterans went down to defeat before Kay Lambert's Mayflowers. Someday Curtis was high score of the night with 195. Maybe she is one of those night blooming plants, but she saved the Mayflowers. Now, Friday night is another night again. Vinny and Viceroys teams clashed in the semi-finals and Bud Elmer's team went down to defeat despite the fact that Phil Dunham rolled a 218 and Margaret Geddes trundled a 226. Helen Fisher with 200 was high score for the Viceroys. In the Niagara Packers consolation series John Hale's took the Rochester team but had to go three games to do it. On Saturday Ed Hunter won the War Savings Stamp with a 202 and Helen Fisher came to the front again with a 200 to win the stamps for the women. . . . Doris MacBride is now in the lead for the Miffard trophy for women's open bowling. She wheeled a 236 last Friday night to take the lead away from Hilda Johnson and her 319.

**IN THE FINALS**—Persistence thou art a jewel. Doris MacBride has hung with her Vedette team for three seasons. Finally they have won the Metal Craft Trophy. While the Red Head herself has rolled big scores, individually, and in team play, she has never cashed a player on her team for rolling low scores. Instead, she has coached and worked and the results were shown on Monday night. That is no slap back to the Viceroys team. Miss Margaret Armstrong has worked with her team over the seasons the same as Doris has. If you look at the score sheet you can see it. I believe that I am correct in saying that when Bertha Hummel rolled 228 she rolled one of the best scores that any player on the Viceroys team ever rolled. But if you will take a look at that team's scores you will find that they are up, averages will be too. Vedette outfit won because they were all bowling high. Four games over 200. Joey Shelton comes through with 181-241, how much did that cost the Old Man; then "Caroline-In-The-Morning" Marlowe pegs a 143-204 and to top it off the Mountain Rose, Ella Fair, rings down a 248-178. The Red Head herself was not doing so much, she had 187-218. Even Little Princess Southward buried 153. That last game was a 1004 game and that is some bowling for girls. Don't forget we eat at the Pines next Wednesday night, June 6th. Get your dues paid yet.

**CONSOLATIONS AND CONGRATULATIONS**—Niagara Packers are giving you the Consolation. I am giving you the Consolation, that you won their Consolation. Mayflowers and John Hale team went three games to see who would be allowed to kiss Mr. Hunter K.C. at the banquet. Florence Sims was the prize bowler of the Hale team with her 226, by far the best score any player on the team rolled. Hales won the first game by 62 points and looked like they were well away. Mayflowers took the second game by 45 points and were not running away by any means. In the third game Mayflowers with Dot Cornwell's 227 and Phil Tennant's 205 took the works. Check shows that there was only 61 points difference in the three games.

**SOFTBALL STARTING**—The Fruit Belt Softball League schedule opens on Monday night next at the Public school grounds with Grimsby Mountain playing Winona. Last year the Mountaineers were right in there battling until the finale and a lot of good ball was served up. The league is composed of Winona, St. Paul, St. Catharines, Smithville and Grimsby Mountain.

**QUIET PLEASE, THE HEADS ARE ACHING**—Tuesday night will go down in history as the night that Grimsby invaded Stoney Creek. It will also go down in history as the night that 108 he-men sat around a banquet table and eat everything in sight including the legs of the tables. The night that The Great Shaw made a prophecy, we'll tell you Monday night whether it came true or not. The night that the Grimsby Men's Bowling league held their annual banquet

It is curious that the letters of the well-known distress signal, S.O.S. do not stand for any particular words. Many believe them to represent "Save our Souls," or some similar phrase, but they do not. The letters were chosen as the official distress signal because the dots and dashes that represent them are easy to learn. They are: Three dots, three dashes, three dots.

# ELECT BUCHANAN because ONTARIO NEEDS HEPBURN

## Trust Your Future to a Practical Farmer --Send "Mitch" Hepburn back to Queen's Park with Verne Buchanan from Lincoln

Next Monday is election day in Ontario. It is a day that will decide the future of Lincoln and Ontario for many years to come. We in Lincoln know what didn't happen in 20 months of Drew's all too-long administration. We in Lincoln are going to make sure this time because we are going to elect Verne Buchanan and "Mitch" Hepburn.

What about Drew's 22 unfulfilled promises??? Where are the Hydro rural rate reductions??? Where are municipal tax reductions??? And even of greater importance to the farmers and growers of Lincoln County what was Drew's scheme in taking over the stockyards??? Did he keep his promises to the farmers??? Did he cancel bonuses—bonuses granted by the Hepburn government??? Lincoln farmers are going to give the answer to Drew's broken promises on June 4.

Did labor get a square deal??? Legislation designed to benefit labor has been continuously postponed... and for reasons known only to Drew he refused the offer of opposition leaders to meet after his defeat in the house so that legislation asked for by labor could be passed. Yet Drew is the man who asks for your support on June 4.

In 1934 and 1937 "Mitch" Hepburn was elected premier of Ontario. In both those Hepburn governments Lincoln County was represented by Liberal members. The people of Lincoln know that it was government and representation that spelled p-r-o-g-r-e-s-s with e-c-o-n-o-m-y for Ontario and this county.

On June 4 there will be another Liberal Victory in Ontario. On June 11 there will be another Liberal Victory in Canada. To get the full benefits of Liberal Administration Lincoln should elect Verne Buchanan.

Then, the farmer, the factory worker, and the white collar worker will get the benefits they deserve and Ontario will get the legislation that will make it even greater. The statute books of Ontario show what "Mitch" Hepburn and Liberal Administrations accomplished: Collective Bargaining for Labor... over seven million dollars in bonuses to farmers... reduced rural Hydro rates \$1,250,000. per year... increased social welfare payments for the aged, the blind and mothers' allowances... and the Liberal government balanced Ontario's budget with a surplus every year from 1935 to 1943.

**THAT'S HEPBURN GOVERNMENT**  
Now... what about Drew's promises?

Verne Buchanan

### GRIMSBY BOY

mans sent over large patrols to try to capture prisoners to obtain information about new American units in the line.

"We drove their patrols back with our artillery fire", said Lt. Loud, "then they opened up with their guns to try to keep us from following their patrols. I was observing the effect of our fire on their patrols when a Nazi shell burst about 30 yards from me, hitting me in the hand with a piece of shrapnel. There was a medical soldier near me so I received attention at once."

His infantry unit was on an exposed hill, so he had to wait until dark before he could be evacuated. He was brought to England by plane.

"Lt. Loud is making a very satisfactory recovery and should be able to return to duty very soon," said his ward surgeon, Captain Angelo A. Clocca of Tarrytown, New York.

Lt. Loud is the son of Mrs. Grace Loud of Grimsby. Before entering the Army, in September, 1942, he attended the university of Michigan at Ann Arbor, Michigan.

### NEW BUSINESS

small boy. He was born in Gurnsey in the Channel Islands but raised and educated in Grimsby. He went overseas in the First Great War with the 96th Batt. Upon his return he started his motor mechanic career with Charles Laing in the old Village Inn garage and later with Laing and Russ and took over that business in 1930 and has successfully operated it since that time. He

is also Fire Chief of Grimsby and he it to his credit has one of the finest small town fire fighting organizations in the province.

William Stuart, better known to the motoring fraternity as "Sammy" is a son of Samuel and Mrs. Stuart, Robinson street south. He was born in Maxwell, in the lower Ottawa Valley and came to Grimsby with his parents as a young lad. He also started his mechanic trade with Russ and Laing in 1930 just previous to Mr. LePage taking over the business. In the automotive industry he is considered one of the best mechanics in the district.

The new firm will continue to be Cities Service representatives and Goodrich tire dealers in Grimsby.

### MADE INSPECTOR

O.B.E. of the Ontario Provincial Police, came to St. Catharines Wednesday afternoon to advise the officer of his promotion. Accompanying Commissioner Stringer was Inspector C. F. Airey, Niagara Falls, who is in charge of Niagara district provincial police.

Officers of the St. Catharines detachment were assembled in provincial police offices, county building, to hear Commissioner Stringer's announcement. He said that the inspectors of the C.I.P. are selected for their ability, their record, and their character and that Cpl. Wood had been selected because he qualified for these requirements and because of his "exceptional ability" in investigating criminal matters.

"Acting Inspector Wood has done very fine work and has been frequently commended by District Inspector C. F. Airey and he has been praised by Crown Attorney E. H. Lancaster, K.C." the commissioner stated.

Inspector Wood has been stationed in various detachments of the Ontario Provincial Police in the Niagara district for the past 17 years and he has been highly regarded and is one of the popular members of the department in this area. He has been identified with the investigation and solution of many important crimes and cases over the past 20 years. Inspector Wood's promotion is a loss to the police efficiency of Lincoln county but many friends wish him well in his appointment which places him in the ranks of one of Ontario's most important police groups.

The new inspector was a constable on the Liquor Control Act enforcement squad of the Provincial Police in 1924. In 1928 he joined the uniformed criminal branch,

being transferred to Niagara Falls, and later at Queenston.

In 1929, Constable Wood was transferred to St. Catharines and at that time served with Constable George Mackay who about 1937 was appointed an inspector of the C.I.P. Wood's promotion brings these two former officers together again.

With the exception of one year's service at Grimsby, a transfer made because of the officer's health, Inspector Wood has been in charge of the St. Catharines detachment and high constable of the county since 1933.

### GRIMSBY KIDS

that I will be going back next week.

In most of my previous letters to you I have always asked you when you were going to send me the Grimsby paper. Well this time I am very happy to say that in yesterday's mail I received my first one and it was the issue of April 5th, so that is pretty fast time. After I had read it I passed it on to "Peg" Gregory who sleeps above me. He is here after his operation which he had a short while back. Then this morning, the one and only Joe Hand (The Wrangler) dropped in to see "Peg". He is about 30 miles from here at Wilby. Allan Blanchard and "Bud" McConnelly are also here. Harvey Bishop is in Alderhot, and Mary Bishop and Hugh Merritt's sister, is only a short distance from here. But as yet I haven't seen these two. I am at Farnborough, a couple of miles out of Alderhot.

Now that the war in Europe is over with, they're after the boys to volunteer for occupational troops or for Burma.

Well it won't be long till it is time to vote, so that will give you something to think about. But no doubt you have it all cut and dried now.

I guess that is about all for now. We are having nice weather here lately. Give my regards to "Dyke". So in closing, thanks again for the paper and the very best to you and all the rest of my Grimsby friends. So long.

"Toby"

### TRAFFIC BYLAW

fact that the firm supplying the necessary parking signs were unable, owing to material shortages, to fill their contract and still allow time for town officials to have them properly erected. Therefore the bylaw will not take effect tomorrow.

The Independent had "gone to bed" with that section of the paper containing "Facts and Fancies" and as a consequence the editorial could not be "lifted" or corrected.

### Ontario Fruit Crop Report

Abnormally warm weather in March followed by frost and prolonged rain, damaged and slowed development of fruit buds in Ontario orchards, the Ontario Department of Agriculture said Monday in a fruit and vegetable crop report.

Wet, cold weather retarded growth of vegetables and in some sections early crops were lost in rain-soaked fields. Rinsedelay was held up by continued rains.

Despite delay in spraying programs, apple orchards were in fairly good condition throughout Western Ontario with no insect or disease damage reported. However, farmers were apprehensive for the crop because of adverse weather, lack of pollination and slow blossom development. In Eastern Ontario all varieties of apple, with the exception of Spy, were in full bloom, although pollination conditions were poor.

Fruit and stem rot showed up in Niagara district cherry orchards and a poor crop was expected throughout the Province. Bloom commenced early in April, but bad weather during the past month caused injury to most orchards.

Crop prospects for other orchard crops were impossible to estimate although farmers anticipated a poor average crop of peaches, plums and pears in most districts where frost damage was heavy.

A British Armoured Division operating near Fuyingyung between Kalewa and Swoho, assembled "armour in strength" for the first time in the Burma campaign on Christmas Day and Boxing Day and pushed forward 20 miles in three days against determined Japanese resistance. They concluded their push with a successful attack on an enemy occupied village and finally linked up with other Allied Forces. Picture shows:—Bren Carriers moving forward south.

## Grimsby Boy Awarded D.F.C.

Above picture shows W.O.I. Colin Caverhill with his mother (right), and his sister (left).

Mrs. A. M. Powell, 33 St. Andrews avenue, received word this week that her son W. O. I. Colin Caverhill, R.C.A.F. overseas had been awarded the D.F.C. Warrant Officer Caverhill was home on leave last June and at that time The Independent printed the following story regarding his experiences. He returned to England in July and since that time has taken part in the great air invasions of Germany. The story is reprinted just as it appeared in our issue of June 29th, 1944:

Twenty-two years of age, he is a member of a Lancaster bombing crew and is attached to the Rhodesian Squadron of the Royal Air Force, which for some time was commanded by the late Wing-Commander J. D. Nettleton, V.C. His log book shows that he has been on seven raids on Berlin, others on Hamburg, Essen, Cologne, Genoa and Turin in Italy, the Skoda works in Czechoslovakia, the German submarine pens at St. Naz-

aire and the Italian fleet in Spezia harbour. He was also on the first shuttle raid from England to Germany when the planes went on to North Africa for refuelling and re-arming and then bombed targets in Italy on the way back to England.

On one occasion he and all members of his plane crew were forced to bail out over the English coast after fighting fire, caused by enemy action, all the way back from

the target area and over the North sea. "When we landed," he said, "we were mistaken for enemy parachutists and were held at the point of pitchforks by English farmers until we could establish identity."

Another time, when returning from a raid, his plane made a crash landing in England with two of its four engines out of commission through enemy fire.

"One of our really interesting flights," he recounted, "was on the way home from Berlin when our compass was knocked out of commission and we had to steer home by aid of the stars. We were just about all over Europe that time."

Three other crash landings he described as "nothing at all."

One of the places on which he made many of his flights, "S for Sugar," is officially credited with having completed 97 successful bombing raids up to May 5 of this year.

He had the honour of shaking hands and talking with the King when His Majesty visited a Royal Air Force station to congratulate flyers on the success of a particularly dangerous bombing mission.

Speaking of trips over France, he said he would never forget occasions when residents of towns and villages, hearing the R.A.F. planes thundering overhead at night, tore out all blackout curtains and opened their doors and windows to permit light to show.

A member of the Argyll and Sutherland Highlanders Regiment (P.L.) before the war, he enlisted for active service in the army early in 1940. He transferred to the R.C.A.F. in July, 1941, graduating as a wireless air gunner at Mountain View a year later and going overseas shortly afterward.

## BREVITIES

EVENTS and TOPICS  
of the WEEK in  
TABLOID .....

Lions Club meets next Tuesday night.

Board of Education meets next Wednesday night.

Next Monday is Provincial election day. Go and vote.

St. Catharines Standard reports roses in bloom in the County Town.

No matter what your politics are, GO AND VOTE on June 4th and 11th.

Councillor Cecil M. Bonham informs The Independent that he will be picking strawberries next week.

A life-sized portrait of A. E. Coombs, painted by Prynce Nesbitt, of St. Catharines, is on display in the St. Catharines Public Library where it is attracting considerable attention and favorable comment. The portrait is being purchased by former pupils of Mr. Coombs at the St. Catharines Collegiate, who plan to present it to their former principal. Mr. Coombs, in turn, plans to present the portrait to the school.

Edw. and Mrs. Bernardo, former Grimsby residents, now living in Mount Dennis, in renewing their subscription to The Independent, report that they are in good health and wish to be remembered to all their friends in Grimsby. Their son Guy who has been overseas since December 1939, arrived back in England from Italy on May 7th. They expect his wife to arrive in Canada the latter part of this week or the first part of next week.

Held up by material shortages, Smith's Restaurant on Main street west has been closed to the public for a longer time than was at first anticipated. It is expected that the newly remodelled and popular eating place will be opened to the public on Saturday or at least by the middle of next week. Watch for opening announcement signs in the windows. Certain special equipment which has been on order for some time will not be in place when the restaurant is opened, but will be installed as soon as it is received from the manufacturers.
